SCREENS

STANDARD & SCALPING SOLUTIONS

Rocktec has 20 years experience in the design and manufacture of screening solutions.

Rocktec offers three standard models of Screen, these are referred to as Medium, Heavy and Extra Heavy Duties. Each of these duties is available in a number of different size configurations, from 6' x 3' Single Deck Medium Duty to a 20' x 8' Double Deck Extra Heavy Duty. Screens outside this range are available upon request.

All Rocktec screens come complete with sub-frames, drive assemblies and motor mounts. This ensures easy installation and accurate alignment of the drive system. Infeed plates are a standard feature on all Rocktec screens; this reduces wear on screen media at the infeed point and promotes product distribution.

Rocktec manufacture a wide range of Scalping Screens, from a 6' x 3' Heavy Duty to a 16' x 8' Double Deck Extra Heavy Duty. These screens are designed with bolt-on scalping bars allowing for simple replacement and easy maintenance. All Rocktec Scalping Screens feature full wall armour plating.

Talk to your local Rocktec representative about the possibilities for your site.

Medium, Heavy & Extra Heavy Duty Screens

Standard features include:

- Heavy duty construction
- Motor, belt and pulley
- Adjustable weights
- Clamp bars
- Crown rail rubber
- Infeed plate
- Inspection ports for easy changing
- Rubber flap for easy access
- Heavy duty sub-frame
- Easy access to all screen tension bolts

Optional features include:

- Wedge bolts
- Dust encapsulation
- Rubber on infeed plate
- Decks to suit polyurethane and harp wire
- Special paint coatings
- Various drive options
- Complete wash system
- Extended discharge plates

Scalping Screens

Standard features include:

- Heavy duty construction
- Motor and cardan shaft drive
- Adjustable weights
- Bolt in tapered scalping bars
- Armoured interior
- Infeed plate
- Side tensioned bottom deck
- Heavy duty sub-frame
- Easy access to all screen tension bolts

Optional features include:

- Extra heavy duty armour lining
- Special paint coatings
- Various drive options
- Special screens made to order
- Extended discharge plates

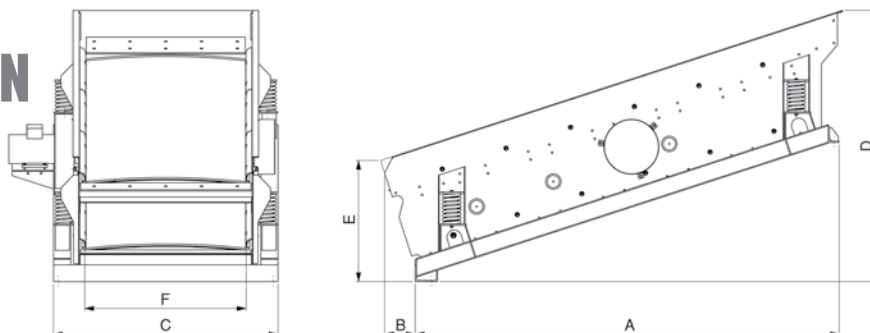

- Medium Duty, Heavy Duty and Extra Heavy Duty
- Scalping Screens

- Custom Screens designed for individual requirements
- Standard and Optional features
